Thanks to the Huft and St. Clair families for cleaning up the landscape out front and around the fountain as well as getting the fountain up and running.

Ron Lickteig has done heroic toil getting the worst trash tree junk out of the front yard and Readers Prof. Huseby, Stephen Greenlee and Father John have resumed the attack. We have parishioners who actually know the native and successful imports of decent looking plantings to fill in now that the trash trees and over grown junipers have gone to the big sky chipper to be made into mulch.

In addition the Vestry have had a consultation with a Lubbock, Texas designer who may produce more potential fixes for the both the front and side yards.
